and Business Consultancy Ltd.

S&S PROJECTS AND BUSINESS CONSULTANCY LTD

FROM VISION TO VALUE → Energy | Infrastructure | Projects | Technology | Strategic Advisory

COMPANY OVERVIEW

S&S Projects and Business Consultancy Limited is a premier project management, business advisory, and project development firm based in Tanzania, with a global footprint. Established in 2025 backed by over 17 years of experience, we provide integrated, end-to-end solutions across energy, infrastructure, technology, investment, and business development.

Our expertise spans the development, planning, financing, implementation, and management of complex projects, including energy and petroleum infrastructure such as fuel jetties, terminals, storage facilities, power and renewable energy projects, as well as transport, digital technology, and other strategic infrastructure.

We work with governments, investors, financial institutions, corporations, and project sponsors to transform opportunities into viable, bankable, and successfully executed projects. Through strategic advisory, project management, investment facilitation, and technical coordination, we deliver tailored, commercially focused, and sustainable solutions that create measurable value and long-term impact.
